CUSTOM ENGRAVED SIGNS

Custom Engraved Signs

The clear and informative style of an engraved sign is important to the image, efficiency and safety of every company. The variety of colours and type styles plus the reproduction of company logos enable an engraved sign to be ordered to suit any conceivable end use.

High quality signs in polished brass, anodised aluminium, perspex or durable plastic laminates for indoor or outdoor use.

A wide range of colours available. COLOUR SWATCH ON BACK PAGE

Aluminium Signs

For a long lasting alternative to brass, why not try aluminium. Satin finish to reduce glare, minimal maintenance required.

Available in Gold, Silver and Bronze finish.

Polished Brass Signs

Nothing beats the appearance of a quality solid brass plate. The brass plate is a low maintenance product that is built to last. Trident use the finest CZ120 brass for all their brass work.

Logos: No Charge is made for origination if finished artwork is supplied by email, so long as it complies to the following: **Artwork must be vectorised (outline traced), In PC format and file types AI,DXF, EPS, PLT & SVG.** Other drawings will incur origination charges. Please note, although we endeavour to provide any colour filling, we cannot guarantee accurate matching.
